Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for constructing an explosive device training range at Indian River State College's Public Safety Complex in fiscal year 2023. The entity to receive funding for this project is Indian River State College, located at 1420 Seaway Drive, Ft. Pierce, FL 34949. Allocating this funding will give Indian River State College the opportunity to add an explosive device Training range to its 14-building, 131,000 sq ft, Public Safety Complex. The new range will allow the College to expand its training of local public safety - fire, law enforcement, emergency medical services - personnel to include the specialized training they need to respond to the growing threats they face from illegal bombings. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Brian Mast
Member of Congress
